Headlice
We have been made aware of cases of head lice in one of our classes. We kindly ask that you check your child's hair regularly and treat any head lice or eggs found as necessary. Head lice are very common among children and are nothing to worry or feel embarrassed about. Regular checking and prompt treatment can help prevent them from spreading. Thank you for your cooperation and support.

The National Year of Reading
The National Year of Reading 2026 is a UK-wide campaign designed to help more people rediscover the joy of reading. Reading expands minds, builds confidence and fuels creativity. Yet with more distractions and less time, reading for pleasure is in decline across many groups.The National Year of Reading 2026 is here to change that, by reconnecting reading with everyday culture, encouraging families to read about the topics they are passionate about. See the website for resources and ideas to help young children develop a love of reading.
