

5W's Highlights

Tolmers Scout Centre

5W enjoyed an action packed day at Tolmers Scout Centre in Cuffley. The activities included Aeroball, Gladiators, Archery and Pedal Karts.

Abdalla enjoyed the Archery and commented "I had to aim carefully and managed to hit the bulls eye!"

Emily said "I was nervous to try the pedal karts but it turned out to be my favourite activity!"

Armend liked the gladiators because you could knock people off and it didn't hurt them!

All the children agreed that it was a fantastic day and they are desperate to go back! I wonder who would be the next gladiator champion if they did?

The Arrival of Sticky, Cepsei, Simona, James and Arthur

Following the successful fundraiser, 5W had to choose how to spend the money they raised. After a lot of thought, the decision was unanimous... 5W wanted Stick Insects! It wasn't long before they had proven their dedication and persuaded Miss Walsh...

"They started off cute and tiny and now they are huge!" explained an excited Ilkay.

"I enjoy collecting leaves for them to eat," said Armend.

"They are all very different, but we love looking after them all!" said Emily.

Our Healthy Living Campaign

5W very much enjoyed the 'Healthy Highfield' topic. In fact, they just had to share everything they had learnt with their parents and carers.

Their healthy living campaign included:

- Persuasive speeches to stop people smoking
- Healthy foods (made by 5W and 5LW) for people to try along with the recipes
- Information about the heart and exercise
- A catchy song to remember it by

Enrike said "I enjoyed finding out about smoking and I immediately wanted to share what I had learnt."

"The healthy snacks tasted so good I made them again at home!" said Aliyaah.
