

Highlights of the Year - 3B

Fairtrade Class Assembly – 3B

As part of the whole school topic 'Healthy Highfield' 3B learnt all about fairtrade foods and where they come from around the world. They listened to a speaker from the organisation called Trade Craft and asked her questions about the History of Fairtrade. They learnt all about the families that are supported by this charity and had great fun sharing this information in the assembly through songs, poems, drama and dance.

Winchmore Secondary School Art Exhibition

Many classes at Highfield had the wonderful opportunity of visiting the Art Exhibition held at Winchmore Secondary School as part of our Community topic. The children in 3B loved looking at the fantastic displays and such high quality of work. “They are like famous Artists paintings,” said Ann. The children saw a range of works and commented on what they liked by using the elements of Art language. “I like the way the forest looked so realistic because of the tones used in the reflection of the river,” said Sarah.

Forty Hall Community Trip

As part of our Community topic we learnt about the local Historic figure called Sir Nicholas Rainton who built Forty Hall and became the London Mayor. We had a wonderful trip and took part in 'Pageant Personalities workshop' where we made puppets and thought about the advice we would give him as Mayor.

It was a beautiful day and the children loved being able to explore the 15th Century house and its tremendous grounds and garden.

Highlights of 3L

Super hero parade

As part of our Heroes and villains topic the children designed their own superhero logos. They used the computer to create their designs and made their logos with modroc. They then made capes and headpieces with their logos on them. 3L had a great time wearing their costumes during the school super hero parade.

Science class assembly

In Science the children enjoyed learning about magnets and springs. They had a fantastic time playing scientist in their class assembly, which they performed to their parent and the rest of the school.

The Greenaway Book Project

The children in Year 3 have had a fantastic opportunity to study several books shortlisted for The CILIP Kate Greenaway Medal. They have enjoyed learning about the books through reading the stories, drama, extended writing and painting. The children in 3L nominated 'Again', by Emily Gravett, as their favourite of all the books, giving it a 9/10. "Again was my favourite because I like the part where Cedric makes a hole in the book," said Alesia. Bisam said "Again was my favourite because it had a funny ending," They went to the Milfield Theatre to find out which book won the award. 'Black Dog' by Levi Pinfold won the award overall but 'Again' won in Enfield.
