

Mill Rythe Hampshire
Residential Activity Centre

Mill Rythe Hampshire

This modern centre offers a high standard of accommodation with extensive grounds and superb facilities. There is so much to do, including: a sports field, an outdoor and a heated indoor swimming pool and wonderful coastal walks around the harbour. The centre offers lovely views across Chichester Harbour, an Area of Outstanding Natural Beauty.

When your child travels with JCA you can be confident that their safety and security is our top priority. We have been operating children's activity holidays for over 18 years and continually monitor, assess and develop our procedures to ensure our high standards are consistently maintained.

Our staff, centre and activities are inspected and continually monitored by the relevant governing bodies. We hold accreditation for the Learning Outside the Classroom Quality Badge, Adventuremark and are an Investors in People recognised employer.

"We have truly had a wonderful time this year and our experience here has exceeded any expectations. The accommodation is five star, the food is fantastic and the staff and instructors are even more impressive."
