

## KS1 School Council - Our Poem about School Values

We asked ourselves question about our school values – this is what we discovered....

**Respect...**Respect looks like people listening to each other.

Respect feels like sitting in a big comfy chair.

Respect sounds like a dog and cat playing together.

Respect tastes like sweet strawberries.

Respect is the colours of the rainbow – a group of different people working together.

**Cooperation...**

*Cooperation looks like a seaside town*

*where the houses, the sun, the sand and the sea  
the green land and the rocky hills,  
all fit perfectly together.*

Cooperation is making a picture all together,  
carrying something heavy for someone else on a climbing frame.

Cooperation is being calm, solving arguments between people,  
bringing food and drink.

Cooperation is putting good ingredients together to make a nice sandwich.

**Kindness...** Kindness looks like the beads of a necklace,  
beautiful jewellery linked together.

Kindness is food cooked and shared by friends and family with care.

Working and sharing and cooking together - it feels like gentleness

*Kindness is a brightly coloured town;  
sunshine yellow, pale green, light blue and picture purple  
Houses and shops all close together,  
a clear sky, a sparkling sea and everybody happy.*

**Hope...** Hope is the ribbon that ties it all together.

Hope is a big room of flowers and sunlight.

Hope is a juicy blueberry, shining in the sun.

The colour of hope is soft red,

like a warm coat...

protecting us!!!
