

AT HIGHFIELD WE LISTEN.....

Pupil Voice - The School Council

Continue planning for our next projects.....

Our work, with the North London Hospice on the theme of "Memories" has been accredited! They led on our annual event of Highfields Got talent, ran a Business Enterprise Week, ran a weekly Healthy Tuck Shop and many more school priorities.

Wild Life Area

The wild life area has proved very popular. There is a pond, and other natural habitats where animals and insects can reside, such as bats, hedgehogs, ants and worms. The children are fascinated observing them. They love the Insect Hotel! In addition a weather dial has been purchased.

New Building

All the pupils in the New Build Nursery to Y2 have settled really well and love their new classrooms. They have quickly managed to navigate their way from the new building back into the existing building with great ease!

Request for more extra external trips

A number of our children have told us how much they enjoy going on trips, so we have arranged to have more trips /outings including trips to London.

Poet Cheryl

We have been very fortunate to have employed a wonderful Poet in Residence this year. Cheryl has added to the children's love of poetry and their literacy skills. National Poetry Competitions have been won. The children have loved working with her, and would love for her to stay longer. Fortunately this is going to be possible for the Autumn term!

TO THE CHILDREN:

Selecting the School Values for each term has been the role of the school council, a very popular value this year was FREEDOM

Request for additional games such as football matches, netball matches, handball and many more

As well as all the requested activities Tennis is also now available at lunchtime Monday and Wednesday. Our clubs are continuing to grow, many staff gave up their own time after school and during lunch breaks to ensure that all these activities were provided for the children

Pupil Leaders such as Team Captains, Mini Mentors, Buddies, Young Interpreters, Walking not Talking monitors are working very hard in ensuring the school is well lead, they play a vital role!

Request for the classes to be named

The children said they would like the class rooms to be named and they had many themes in mind, such as football teams, planets, colours, flowers, trees, and a vote was taken and artists were chosen! Each class is named after an artist and all artist details and class news are in this area on our website
