

Bye Highfield!

Year 6 Commemorative Edition, July 2014

As we say a final good bye to our wonderful Year 6's, here are a few of their highlights, lowlights and the most memorable moments of their time at Highfield.

6H

Aliya's Amazing Adventure

I first joined Highfield in 2010. I joined this enormous school because my old school was far away from my house and plus we were moving houses. At first I thought I wouldn't fit in, but I did. The first day that I stepped into 3M was the best day of my life. Everybody was so friendly, especially my first and last friend Tamerah.

Emotional/unforgettable moments

My funniest moment was when a boy in my class got a needle and put it up somewhere he wasn't supposed to!! My saddest moment was when our teacher left in year 6. My unforgettable moment was when SAT's finished; it was like 1000 pounds lifted off your shoulders.

Best year in Highfield

My best year in Highfield was year 4 because it was a dodgeball year. Everyday was dodgeball after dodgeball. It was fun! Only if you were there to witness it!

I love this school and trust me this isn't the last time you're seeing of me - I'll come back!! I'll miss every teacher that has taught me. Also I would not forget the whole of Year 6, they are family to me.

After I finish university I want to teach at Highfield.

Lovely Lollipop Lara A

I first joined Highfield in year 4 in 2011. The reason I joined Highfield was because my family had moved houses. When I became part of Highfield we didn't have a climbing frame or turtle swings which we have now. The first teacher I had was Ms Ikoloh. She was great fun! We had dodgeball nearly everyday. Becoming a part of Highfield was the best thing that happened to me.

On my first day, everyone was kind so it made me feel safe. My first best friend was Abeeha- she was very kind. One of my first memories was when we had the year 4 sleepover. It was loads of fun especially when we slept at midnight. Stephanie said I was sleep talking which was weird because I usually don't.

When I was in year 4 we had chicks in Ms Lawal's class. We were supposed to give them back when they hatched but everyone liked them so we kept them. After that we got 2 goats and then 2 pigs: who knows what we are going to get next?

Leaving Highfield will be upsetting, but will be a happy feeling too, because I know I am growing up going into secondary. My dream and hope is to be something good.

Abeeha

My name is Abeeha and I first joined Highfield Primary School in nursery. When I first started nursery I was really shy, but then as I got to know my class better I made two new friends and they were Sagal and Jessica!

My most memorable memory was in year three when I came back from holiday in year three and I met Yahya and Aliya, and became their friends. I remember when I used to sit with Sagal in year 5 and year 4 in tray tables and we were always laughing and telling each other jokes and then in the end getting into trouble!

My best teacher was, Mr Hewett. He was the funniest and kindest teacher any one could ever have! My saddest moment/day was when I found out that Mr Hewett was leaving because he lived too far from the school...

I remember in year 4 when we had Ms Ikoloh for our teacher and she made year 4 like a dodgeball year, everyday was dodgeball all day - it was just so much fun!

I can't wait to go to secondary but I'll miss Highfield and all the teachers I have ever had in this wonderful school...

Kamil

In 2012 I came in year 5. I was happy because I had a new teacher and new friends. My best friend was Miki because he was the one who was playing with me all the time. I was noisy and I had lots of time outs in year 5. Once I got in trouble because I was fighting with Nabil. We didn't like each other but then we became best friends.

In year 6 2014 I went on school journey. My favourite things were kayaking and swimming. I had my own room with Miki and Nabil it was very fun. Now I am going to a secondary school called Winchmore Hill. I will miss Highfield and the teachers that are in here because they taught me lots of stuff.

The Amazing Adventures of Amelia!

I first joined in nursery in 2006. It was so much fun meeting new children. At the time, I was going to another school before Highfield across the road. My first friends were Constantina and Selin. I can remember us driving in these small cars and we pressed the button so loud that if you were living in a house nearby, then you would've heard us.

In year 2 I felt like I knew everyone a lot more than I did before. Our teacher at the time was Mrs Baker (she was very nice). One of my highlights in year 2 was when we had an adventure trail in the playground, but it got taken down because we were going to have a new canteen.

In year 3 we had Mrs Wren and she was fun but not as much fun as year 4 with Ms Ikoloh and we played dodgeball every week! Luckily, Rojbin and Oliwia wrote a letter to the head teacher and we had a sleepover in the school hall. Now we are doing a play of the Wizard of Oz. I am the part of a munchkin. And I am also the understudy of Dorothy. I find the play really interesting! If I could choose the play I'd say Alice in Wonderland.

Lovely Lubna's Amazing Adventure!

I first joined Highfield in nursery with Mrs Yianni and Mrs Ulug as my teachers. I had to join Highfield because my brother was already here and it is extremely close to me. The one thing that is different is the canteen. When I was young the canteen was horrible! It was dark and smelt bad. When the school announced that there would be a new canteen everybody was delighted! My first memory was every lunchtime seeing my brother in this massive playground while I was stuck in this tiny playground.

I remember on the first day in Reception Mrs Petrie told us that we weren't allowed to go in the big playground and had to stay in the reception playground that was no bigger than our nursery playground - since nursery I wanted to go to that playground.

On the last day of year two I saw Jada crying because she was going to move up to year three and a few days before mum told me that I would be leaving Highfield. When I tried to explain to her that I was supposed to be crying I don't think she was listening...

When I came back to Highfield in year five, the first teacher I saw was Mrs Ulug and I managed to get a sneak peak of a teachers INSET day in the hall as the door was open.

The most memorable moment in Year 6 would be JCA. It was awesome! My favourite activities were kayaking and abseiling (abseiling was the second most freakiest thing that has happened to me)!

I am really sad that I am leaving Highfield but I am excited to go to my new secondary- Winchmore! I think the way people could remember me is in year two I cut the ribbon for the apparatus on the grass. My time in Highfield would be my moment to remember throughout my life. I am so glad to have attended this school.

Awesome Antonyo

I first joined Highfield in year 5. I joined Highfield because I moved really close to the school so instead of travelling 2 hours to get to school, my mum signed me up to this school and this is how I got in! When I walked into the class everyone stop talking and stared at me, that was probably the most awkward moment of my life...

The best moment of Highfield had to be J.C.A because we stayed there for 4 1/2 days and apart from the first day and the last day we did 4 activities a day. The best activity there we took part in was Wet & Wacky without a doubt! Wet and Wacky was a kind of netball-basketball-water sport, apart from the freezing water it was the best activity. Hopefully when I'm older I'll get the job of a policeman because I would like to keep peace in the world.

Awesome Ashanti!

When I first joined Highfield, in Year 5, I was nervous but after a few days I made some amazing friends... Me and my sister, Asharna, started at the same time, but she was in Year 6. At the end of her Y6 time, her year was allowed to have a water fight, my year had one as well and I remember Asharna took my water bottle and made me chase her for it and she tried to wet me, but wet a play leader instead!

One of my favourite memories was with Rojbin, my best friend, and my friends, Sagal, Aliya, Tamerah, Theone, Melissa, Selin, Lara A and Abeeha. Someone threw a potato at me and then we started a food fight! The play leader made us clean it up though, which was fun because we were together...

I have enjoyed my time at Highfield and I especially enjoyed making new friends. If I didn't come, then I wouldn't have learnt so much and had so much fun.

I am Ashanti and that's my autobiography...Bye Highfield...

Cheeky Cilay

I first joined Highfield in year two class, 2R. I joined Highfield because I had to learn English. In the beginning it felt really difficult and nerve wracking, but after 1 month it was really fun and I had loads of friends like Victoria - she was a really funny girl and had really long hair!

In year three, my teacher was Mrs Mullins (now known as Ms Wren), Class 3M. I remember when Hooman fell asleep on the table while the teacher was talking! I always wondered why he fell asleep? But now I know why!

In year four I hated the fact when Mr K and Mr White took us it was a NIGHTMARE!!! They were supply teachers my teacher was Ms Ikoloh; she is a lovely lady and even now I still see her ...

In year five, my teacher was Mrs Wileman; she was nice. Also Mrs Stoughton was the TA in year four and sometimes in year three also in year five. We played dodgeball in year four nearly everyday and in year five we played stuck in the mud mostly. It was great fun!!

Last but not least year six, class 6H. My best moment in year six was when we found out who our teacher was going to be- it was Mr Hewett.

I wonder what will happen in the future!

Lovely Benz

I first started in year five. I had to wait for about nine months to join Highfield. My first teacher was Mrs Wileman. I came to this school because my brother started this school since he was little, I felt really shy then. My first best friend was either Lubna or Selin. My favourite memory in year five was when I went to Tolmers.

When I was in year six I had lots of different teachers. My best memory was when I went to J.C.A. I felt sad and happy at the same time. Before I leave Highfield Primary School I would like to say, "Thank you Mrs Kemal for making this school look so nice and thank you all the teachers for teaching us all the lovely things".

Yo Yo Yahya

I first started in 2010. From then on my life has changed. My most embarrassing and memorable moment was when I was in year 3. At first I was shy, but when some time went past and I got to know some people.

The most hardest part this year was SATs and when our class teacher left. But after all Highfield Primary is a good school by the help of good teachers such as: Mrs Calder, Mr Blount and etc. So that's my school life at Highfield. BYE.

Hooman

I joined Highfield because my brother came to this fantastic school. I joined Highfield in reception. Highfield has changed a lot now: we have a different canteen, packed lunch table and a lot more. My first memory is when I went to sleep in class. My first friend was Tariq and Mister Pillow. I was scared when I came to this school, but I have enjoyed my time here.

In Year 2 KS1

I remember in year 2 I went on a trip, to the zoo. We went and saw an emu. Mrs said not to put your food next to it – I did and the emu ate my lunch!

In Year 6 KS2

I went to JSA. I was gone for 1 week doing fun activities and I got only 3 time outs I think. I play football a lot in school. Highfield is a fun and happy school

Marvellous Matthew

My first day at Highfield was in Nursery. It was very scary but I had to go. My first friend was Chris. At first he was very shy. But as I got to know him I realised how crazy he is.

In reception I met a boy called Tariq. The first day he came he was very upset, but when I got to know him he was fine. A couple of days later I met 2 people called Amelia and Selin. They have been my friends for the whole of Highfield and so have Tariq and Chris.

In year 3 a boy called Miki came. He didn't know how to speak English. All he could say was hello yes and no. But there was a girl called Oliwia who was also Polish but she could speak English.

My favourite moment was the year 6 5-day trip. I shared a room with Chris and we would always stay up at night and talk. On the trip we would have constant activities and we would only have little breaks to get changed. My favourite activities were abseiling and canoeing.

A few months before the trip my friend Miki said that he was getting a PS4 and I got one too so we could both play together.

Over all I enjoyed my time in Highfield. Bye Highfield!

Marvellous Melissa

I first joined Highfield in nursery 2006. The reason why I went to Highfield is because my mum thought it was a good school. Also my first teacher was Ms Man; Ms Man was a very kind teacher.

When my mum dropped me off in nursery I always used to cry, it was my first day. But then I got used to it. I was brave to go to nursery and not cry anymore.

In year 4 we had two teachers called Mr K and Mr White. Those supply teachers are the worst teachers I ever had. The only person who made Mr White laugh was Yayha. When we had Mr K we couldn't laugh - can you believe that! Mr K

and Mr White were the worst teachers ever. It was a nightmare! Also when I was in year 4 Ms Ikoloh always used to take us out for dodgeball.

When I went to JCA I had a lot of fun. It was the best trip ever. Thanks to the teachers who went to JCA.

Outstanding Oliwia

I first joined Highfield 8 years ago in 2006 when I went into Nursery - Morning Class. I came to this school because my sister was already here, so it was logical for us to go to the same school. My first friend was Elisana; we are still friends but not as close (Eggy).

One of my most memorable years was year 4 because we had a sleepover (Thank You Rojbin). I remember when Lara A fell asleep and was sleep talking! Mrs Ikoloh used to play Dodge Ball with us 24/7. We even had competitions against each other.

Now year 6; my overall favourite year. I was the Secretary of the School Council which was fun. Over the year, we have had so many wonderful teachers especially Mrs Calder, Miss Bullen and Miss Greenhill. A memory I will never forget is the JCA Trip! I feel as if the trip brought us closer and it was an amazing opportunity. Even more exciting is that I got the part of Dorothy in the Wizard of Oz performance.

Overall, being at Highfield was great fun. I met so many lovely people. I will miss everyone and won't forget you.
Bye Highfield.

Perky Paris

I joined Highfield in 2011, when I was 8 years old - it's because I moved country. My first memory was when I walked to my classroom, we were learning English. My first teacher was Ms Ikoloh she was really kind to everyone. One of my favourite moments is when year 4 had a sleepover; it was so much fun. In the sleepover Lara A. was the one who fell asleep the earliest and she was sleep talking. We played so many games like dodgeball. I won !!! We stayed up all night watching films like under dog; I went to sleep about 3:15.

In Year 5, me Jessica and Melissa were picked to go acting to another school. We were all separated into different groups from different schools. We had to do a short movie. Highfield won for the best school and won a trophy. I won the best group.

When I leave Highfield I will miss all my friends and teachers, but when I leave I will be looking forward to going to secondary school and learning new things.

BYE HIGHFIELD - ROJBIN

My first ever moment in Highfield was in year 3 (when I first joined Highfield). It was called 3M and was led by Ms Mullins. I was really nervous at first but after some people made me feel really welcome! For example people like Tariq, Stephanie and Oliwia.

I remember in year 4 my best day was when we did an assembly and I was a dancer with a group of girls I can't remember. It was really hard to cope with all the dance moves and my lines but with the help of staff it was all good. Of course not to forget years 5/6! Despite the fact I had some disagreements with my friends...it was ok, because overall me and Ashanti became best friends! (Not to mention the dilemma that happened because of that)!

Finally I would like to say thank you to Mrs Greenhill for organising Tolmers and keeping us busy while some people went to JCA. Thank you to Ms Bullen for helping me out with the play and in other situations, and thank you to Mrs Lynch and Mrs Christodolou for helping me when I was in trouble and finally thank you to Mrs Calder for understanding and helping me throughout the years!

Good luck year 6!*future one*

Stephanie's Summary

After moving to London, I joined Highfield in Year 2. My first class was 2R who were taught by Mrs Baker (who used to be Miss Richardson). My first day made me really nervous, however Jess - my first friend- helped me fit in and feel comfortable in my new school.

Highlights of my time included a sleepover during Year 4. The genius idea was suggested by Rojbin to Mrs Kemal. Kindly, our head teacher allowed us to hold this event. We had a great time playing dodgeball especially, with Ms Ikoloh. I vividly remember Lara A sleep talking who shouted "***** up!" JCA was another memorable event. Conclusively, my time at Highfield has been eventful, inspiring and memorable. Highfield taught me to be myself. I am slightly nervous about moving to a new school seeing as school gave me such a mesmerising experience. I don't think that that I'll forget anything. "Bye Highfield!"

Tamerah

I joined Highfield as a foreigner in 2008 not knowing any English. I joined Highfield because I had just moved from Sweden. When I first began I didn't know anyone at that time so I was a little bit clueless. However I met someone who was just like me, young and clueless. My first memory was when me and Lara would always get in trouble for chatting in class and laughing.

Year 5

Year 5 was all about getting us ready for year 6 and what to expect. One of the things I enjoyed about year 5 was the swimming lessons. The most memorable thing about year 5 was being with all my friends and enjoying life.

Year 6

Year 6 is one of the most memorable years, but it is also the saddest. One of best memories is when we went to JCA and when we got to spend 5 whole days with our friends. It was one of the best weeks of my life. I am sad about leaving because I have so many friends here who won't be going to the same school as me but I will try to make the best of it.

Tactical Tariq

After moving from my nursery I had to settle down in reception. I had a rough start in reception - when I got in the class I started crying because I was little and I was new here. My teacher was Mrs Petrie and I met my new best friend Matthew. Now I'm in year 6 I could remember a bit of my past. My name is Tariq and I am the year 6 school councillor of Highfield Primary School. The reason I came to this school was because I was moving house and I was really close to the school. One thing I can remember in year 1 is that our teacher had a really hard name to spell.

I enjoyed the J.C.A trip the most. At the trip I got bitten by two mosquitoes that were over my bed.

On the 18th of June a professional cricket player who played for England, but gave that up to teach children to play, came to Highfield. We also got taught by a golf player and I beat everyone.

I will miss you Highfield!

Jester Jessica

I first joined Highfield eight years ago in 2006. My first day in Nursery was really funny, I remember I didn't want to go home and when I did I couldn't wait to go back to school the next day. My first friends were Selin, Theone and Amelia. I joined Highfield because my cousin went here. In year one, behind the toy cupboard outside, me and my friend Constantina fell over and landed in some mud, we were covered all over in mud and had to wear spare clothes from the medical room. Back then there wasn't a lot of equipment outside and now we have loads: e.g: swings, climbing wall, climbing frame and swing boats.

In year four our class and the other class were allowed to have a sleepover in the school hall. This idea was Rojbin's. She persuaded our head teacher, Mrss Kemal, to let us have a sleepover and amazingly she said yes! It was so fun!

Also in year five me, Melissa and Paris did this drama thing in another school and we won the trophy for our school. My best memory was in year six. Some children went to Tolmers and some went to Mill Rythe (JCA) including me. JCA was the best trip I ever went to. My favourite activity was Wet and Wacky. Wet and Wacky is all about water activities.

At Highfield I have learnt a lot of things like how the force of gravity works and loads more. I'm very excited to leave but also sad, I'll miss my friends. Bye Highfield!

Nabil

I joined Highfield in Year 5. It was different. My first teacher was Ms Wileman. My first friend was Miki. I could only speak English a little bit when I first came. It was really hard.

And when I first saw Ms Wileman she was so strict! My favourite lesson was art.

In year 6 I went to JCA. I was little bit annoying because I was popping the butter packets in a girls ear. I liked some of the activities. I really enjoyed learning English.

Jaguar Josh - Bye Highfield

I first joined Highfield in the beginning of year 2. I was pretty scared but then I got used to it. My best friends were Christian, Harry and Chris. We all used to play football. My teacher was Ms Baker.

I always got confused between Christian and Tariq but I worked it out after because Tariq had a bigger Afro than Christian.

I remember when I went to district sports - Highfield came second in the whole of all the races. In year 2 TJ was the 1st fastest and I was 2nd. We also did a school play about Pokemon. It was fun. Me and Selin were the main characters. We also enjoyed making the creatures.

LARA'S TIME AT HIGHFIELD

It all started in 2006-2007 in nursery at Highfield Primary School. Most people say nursery was the best year because you didn't get to do any work, all you had to do was play. Well to be honest in my opinion year one was the best year. This is because that was the year when you started getting homework and you started to think, but the main reason I think year one was the best year is because that's when a girl popped up called Tamerah. After a while we became best friends and always got in trouble. By the way my name is Lara and I am 11 and a half years old.

One of my embarrassing moments was in year three when it was pj day and I got sent out of the class like three times to Ms Richardson's class and they were talking about the Simpsons and they all looked at me because I had a Simpsons Pj's on. Year four was a pretty good year as well - we got to have a sleepover! The cool thing was that we got to watch films up to a really late time. Everyone slept in the hall.

In my personal opinion time goes soo fast. I'm in year six now! I remember all my good times in reception, year one etc... To be honest my best time in Highfield was when we went to JCA on a five day trip. It was AMAZING!!

Well that was my story at Highfield. I hope you enjoyed it.

Stupendous Selin's Super Adventure

My name is Selin. I first joined in Nursery (2006). I remember coming because Highfield is the school my house is closest too. My first teachers were Mrs Yianni and Mrs Ulug. My first friends were Matthew, Amelia, Jessica and Chris.

I remember Hooman's finger being nibbled on by an ostrich. It was on a trip to the zoo and Hooman stuck his finger in the cage specifically after being told definitely not to.

Being in this school for approximately 8 years, the school population has greatly increased not to mention my friends as well.

I think by far the year 6 JCA Trip to Mill Rythe was my most treasured memory. 6B and 6H got together. Every time we had Breakfast, Lunch or Dinner it would feel like one enormous family were together. I remember the whole of us got together after our Disco to mess around in the lobby. It was a great and memorable time. I hope to never forget the great times with my close friends. No one had fought and it was an awesome time we had together. We learnt a load of songs such as:

Ride my Pony

Martian

And Tarzan.

I love Highfield and wish it will be here as long as I am too.

BYE HIGHFIELD!

My Time at Highfield - Theone

I first joined Highfield because my brother was already in year 4. I remember when I started in reception and I ran straight into the computer and my mum had to call me back to collect my dinner money and a picture. I was nowhere near nervous - I was more excited!

In reception, we had Ms Petrie the best teacher in the world. My first friend was called Jess, she had ginger hair and lots of freckles. My other friend was called Jessica and her eyes were blue and when Miss Petrie took a photo her blue eyes would come out red. My kind and very missed best friend who's amazing, his name was Oliver and he was kind and helpful. My most embarrassing time at Highfield was in 2R with Mrs Baker. We were lining up to go to the zoo when I had a little accident and Tamerah, a now English speaking girl, laughed in my face. But thankfully we are now good friends.

Now in my more recent years I was able to attend the amazing JCA and most importantly, I had fun! Without all my brilliant teachers I would not have got a good education.

Chilled-out Cool Chris

I remember when I first joined Highfield. I was around 3 and a half years old. I came in nursery (8 years ago), and that's when I met my best friend Matthew. Matthew is a kind person he is funny and cool. Matthew is probably the nicest person you will ever meet well most of the time! I came to Highfield because my sisters Cindy and Sarah were already at the school.

My first day of nursery didn't go so well because I got into a big fight well at least it was big for me... It happened when this boy threw sand in my eyes and I stole a truck from him. That day I ended up in the medical room. But I had to get my revenge so I kicked his sticker chart, but unfortunately I had to sit on the naughty chair.

In year two we went to a school trip to the zoo. It was a humid day and the animals must have been pretty hungry because the emu gobbled up Hooman's lunch.

As the years went by lots of things happened like in year 5 we had a massive water fight it was so Much Fun!

I have loved my time at Highfield and I would advise the next Year 6's to just chill and enjoy it. I would write more but I have run out of words.

Sagal's Story

Eight solid years ago I had my first glimpse of Highfield Primary's nursery. The first thing I remember was that nobody knew how to pronounce my name. I only had two friends at that time and they were Abeeha and Jessica, who are still two of my friends.

In reception I met Theone, Chris and Oliwia. They were my friends at the time. I know I'm missing many people, but there were lots of people in my class room. I remember I was in Red Class and I absolutely hated the other class which was Yellow Class and this went on until Y5 when we finally reunited.

In year 2 we went on a school trip to the zoo and Hooman's lunch was eaten by an ostrich. My funniest memory was when we were doing a test in y5 and someone let it rip really loud.

There have many good things throughout my eight years in Highfield and there also have been sad things but without any doubt the saddest thing will be leaving a community that cares about you.

6B

Abdalla A

I was seven when I came to Highfield Primary. I joined Highfield because my brother joined Winchmore and my Mum said it will be much easier. I came and I was very excited to join. First I was taught by Miss Baker in 3B. I went into an assembly about Ancient Egypt.

When I was in year 4 we had a tea party with lots of cakes and junk food! We sang the national anthem and played outside. I played with Halil, TJ, Sean, Emre, Armend, Perikli and Enrike.

My favourite memory was in year 6 when we went to Tolmers. We went on the Coconut Tree, Water Wars, Rope-a-phobia and Rivals. We didn't get back until 8pm and we were all so tired. We had a lovely time. It is now my time to go away to secondary school. I will miss all of the teachers from Highfield and I will miss my friends. Some of them will be coming with me though, which is great!

Aliyaah's Awesome Adventure!

I joined Highfield, when I was in nursery. Highfield has changed a lot, the swings weren't here yet and we had a very old canteen. My best friend was Sabiha and my favourite teachers are Miss Bullen and Miss Greenhill.

Sabiha was a really kind best friend but it didn't really last long. My first memorable moment was when we went to Kew Garden in year 1, my best friend was with me it was fun. Then when a friend who wouldn't talk to me became my best friend, Suheyra, also my friend Suzanne used to be enemies with me. We didn't like each other, we would fight with each other and I would always get hurt but now we are best friends.

Highfield has been memorable for me and I am really sad that I am leaving Highfield soon. I am going to a school where no one is going, I am leaving all my friends but I hope that I will meet new friends. I am going to miss going to Highfield and also seeing my friends leave. Moreover, at the beginning of year 6, I was scared of doing my SATS. It was a little scary and daunting doing my SATS but everyone supported me throughout it and now I am looking forward to secondary school because of all the new friends I will meet, having a timetable, a locker and several teachers.

I will miss you all and goodbye Highfield.

Anilda's ascending

When I first joined Highfield in year 3, 2011, I felt so frightened thinking that my new class might not like me. Actually they made me feel so welcome and I made many friends, they were all so friendly. I remember learning about dinosaurs on the first day at this school. My first teacher was Miss Richardson but now she is married and her name is Mrs Baker. My first friend was Pelin she showed me round.

My first wonderful memory was in year 4, when we went to the British Museum. We had heard so many facts and so many interesting things. It was quite scary because it was really crowded and busy. My favourite part was when we had gone to see the Aztec area. We saw all the fabrics that were used. We went with Mrs. Theodourou and we stayed until 2:00.

Luckily, we went to Tolmers not that long ago actually. We went with Mrs Lynch and Miss Greenhill, we were split in two groups. We had 6 activities, rope-a-phobia, coconut tree climb, air rifles, pedal karts, gladiators and water wars. Rope -a-phobia and water wars were my favourite.

Sadly, I will be going to secondary and will miss all of my friends. Even though I might be able to see them again, I am really excited about going to Winchmore and meeting new people. Unfortunately, I will be leaving two of my closest friends Sabiha and Elisana, they are the best friends anyone could ever have and I don't think I will find anyone like them.

Halil TZZZZZ

Over the years I have had many fun memories. I am writing to tell you about my memories because I am moving to secondary school. Over the years, my great time was in nursery when I walked through the door. I was scared and nervous. I have had a great time in Highfield and I have made loads of friends. Furthermore, I've got another lovely memory and that was when we were in JCA. The water inside the pool was freezing! In JCA it was very hot and sunny and we had to use a lot of sun cream. I will never forget that day; it was the best day of my life. When we had underwater football I think my team won because we had Mr Blount and we scored 2-0. After that we went home. I was the first one to go in the shower because I was cold.

When I was in nursery I was good, but when I was in reception I was a bit cheeky. My behaviour got worse as the years went by, but I am proud that I have achieved things like winning the football tournament, sports day and many more... I've had sad times and good times here. I am going to miss Highfield. I will miss everyone. I am excited but nervous about starting secondary school and I hope I will get on well with everyone at Winchmore.

Anjali's Amazing Adventure

I have many fond memories of my life at Highfield. I will be leaving soon and I want to look back on my favourite memories and achievements. I joined in Reception in 2008, when I was 4. I was nervous because I was meeting new people and I wondered whether I would make friends.

One of my first memories was going to the wildlife park in year 2. It was one of the first trips we went on as a class. I remember being in a group with my friends looking at all of the wildlife. It was very sunny and the park was crowded. It was exciting to be around your friends for the entire time.

My favourite memory was the JCA school journey in year 6. It was fantastic! I really enjoyed it because I got to stay with my friends in a room without my parents! My favourite activity was Wet 'n' Wacky because we got to play lots of games in the freezing cold water.

I have lots of memories of Highfield and I will miss it here. During my time at this school I have grown and Highfield has taught me to be myself. I am excited about joining a new school and make new friends, I feel like I am really growing up!

Armend's amazing adventure

Over the years at Highfield, I have many great memories. Now that I am moving on I would like to share my great times at Highfield. I joined Highfield during nursery. My teacher at nursery was Mrs Yianni, Mrs Mousa and Mrs Man. I had a great time in nursery.

My two favourite moments was Paradise Wildlife Park in year 2 and Tolmers trip in year 6. My first memory was when we went to Paradise Wildlife Park in year 2. We went with Mrs Lawal and Miss Richardson. I felt excited to see all kinds of animals. My favourite parts were the eagle show and the snake show. We had a splendid time there.

The next memory was when we went to Tolmers activity centre in year 6. We went with Ms Greenhill and Mrs Lynch. We did 6 activities and they were: gladiators, water wars, pedal karts, coconut tree, rope-o-phobia and air rifle shooting. My favourite part was water wars. At rope-o-phobia, at the ropes I put one leg in front and the other leg back. Accidentally I did a full split. I had the best time there.

Now that I am in year 6 I will be leaving soon. I have met some lovely teachers and good friends. I feel sad leaving this school because my friends are there.

Chany's Chapter!!!

Over the past few years I've treasured a lot of memories at Highfield Primary School.

I joined Highfield when I have in Yr 1. Highfield has changed since I was little: the school, class rooms, teachers, pupils and the playground. My first best friend at Highfield was Suzanne because on the first day we became friends and in yr 1 our teacher was Miss Richardson but she changed her name to Mrs. Baker.

Suzanne was a great friend I had. We used to play with each other everyday, come to each other's houses and loads more. My first memorable moment was the 2nd Highfield's got talent in yr 5.

I am really sad that I am going to secondary school in a few months because I won't get to see my best friend anymore and other friends and I won't know anyone. Hopefully I won't get lost. When I am an adult I'm hoping to get a job and be successful in life.

I'm going to miss Highfield; all of my primary years have gone so fast like it was only yesterday.

Daniela aka Dan, Dan Dan, Dani

It's my last year at Highfield and I would like to share some memories with you. When I joined Reception I was nervous about meeting my new class. My memory from Reception was drawing and then going into the tiny playground. From there, I have gone on the Y6 School Journey.

Another memory I have is playing on the massive slide that is now demolished. Many people don't know about the slide because they were too young. Underneath it you could play 'Hide and Seek'. One of my unfortunate memories for me was when I was playing and I whacked my nose against a pole underneath the slide. Word of advice, don't do that. It hurts!!!

The Year 6 school journey was by far my most favourite memory. We went to Mill Rythe, Hayling Island. We were all excited and nervous and we didn't know what to do with ourselves. The bit I enjoyed was 'Wet n Wacky'. It was hilarious!

I'm making the most of my time here because it's going to be sad when I leave. I'm also going to miss all the kind people and my friends. Most of all I will miss Year 6, especially my best friends, Anjali and Emily. Goodbye Highfield!

Emily's exceptional experience at Highfield

Ever since I started Highfield in Reception my confidence has definitely grown massively. I was 5 when I began coming to this school, in 2007, the same year Mrs. Kemal became Headteacher at Highfield, this is a fond memory of mine. However, time has tripped me up and I'm on my way to secondary. I remember when (we) Year 6 I had to dress up in a 60's outfit. That definitely was a time to remember. There is something I am stubborn on not forgetting, my trip to J.C.A. I was able to relax more knowing that I had already finished my S.A.Ts.

Dressing up into 60's outfits was a hilarious experience. I hope there will be more chances to do things like that in my Secondary School. When I got given a prize for best dressed I was so happy as well as shocked. My brother won for his class too. We also watched a great 60's film, Hairspray. Benz in 6H said "You look like an adult that's 21!"

J.C.A was such an amazing experience, if I had to describe it using one word it would be, EXCEPTIONAL! I enjoyed every moment and when I got home I wanted to go back... My instructor Steph, who was 19, was so lovely. Our team leader was Miss Bullen and because of that, we called ourselves the "BULLEN BULLETS!" Having done so many great activities, it's hard to choose a favourite, but I really enjoyed the Kayaking, walking across boats really boosted my confidence. Sabiha said "Is that a chant you're singing?"

As a result, leaving Highfield Primary School is going to be a hard journey, as I have spent most of my life in this school (7 years). I would like to say thank you to all my teachers, especially Miss Walsh, Miss Bullen, Mrs Baker and Mrs Kemal and all my friends, mostly Anjali, my first best friend, we've helped each other out a lot.

Thank you and goodbye Highfield

See you soon (Hopefully)!

Emre's amazing life at Highfield

Over the years, I have had many treasured memories. Since I am moving on and going to Secondary school, I will recall my fondest memories and achievements over the seven years I have been attending and studying at this school. But first, let's start at the beginning. I joined Highfield Primary school in 2007. My first ever memory at Highfield was drawing pictures in reception and taking them home everyday.

My first memorable moment was having a sleepover in year 4 just because we got to stay up all night and play fun games like football. When we got into the hall to go to bed, we got to watch two movies. The sleepover was humorous because we had so much fun in so little time.

My second memorable moment was going to Mill Rythe. I enjoyed it because we had to be independent at looking after ourselves. My favourite activities were: kayaking, abseiling and climbing. In kayaking, it was Sachin and me on the boat. I even stood up on the boat. We nearly capsized but we were lucky to not get wet.

I am very excited to be going to Secondary school, but I am also sad because I am leaving a school I have been attending for seven whole years! I am also very excited because I will be able to make more friends. Remember; never get on the wrong side of people, because they could do something nice to you in the future. I hope to be very successful in the future and look back at these memories in the future.

Enrike's Eight years of Joy at Highfield

Over the years I have many fond memories at Highfield. I enjoyed every second I spent at this school. Now that I am moving on to secondary school, I would like to reflect on my amazing time at Highfield and my incredible achievements that I never dreamed of doing.

One of my best memories was when a famous person arrived at our school to show us his brilliant football tricks. He was a famous freestyler named Paul Woody Woods. He stood in front of the stage and begun doing kick ups which was followed by several around the worlds in under 1 minute! I thought his tricks were inch perfect which wiped me out with amazement. He was an inspiration to many children across the globe too!

There was another memory that I thought had to be written down. It was back in year 2 when Miss Richardson, now named Mrs Baker, took us on a trip to London Zoo. My best part was when we fed the penguins and watched their wonderful display.

TJ, who is one of my friends, said about me, "I think he is intelligent and great at football." I will miss my friends as much as they will miss me.

I feel nervous moving to a different school. My time here has been excellent and I'm sure my mind blowing time here has set me up for secondary.

Ilkay's Incredible Experience

Over the years in Highfield I have had so many memories. I have had some bad times but also some good times, so this is why I'm writing this, to tell you about my experience in Highfield. I started Highfield in nursery and now I'm going to secondary school. I've been at Highfield for eight years! One of my favorite memories was when we went to a flower garden in year 1. It was so beautiful.

When I joined Highfield I was nervous but excited. In year 1 I met all of my class mates and we went to a flower garden. It was so exciting. It was the first time ever that I saw different types of flowers. I saw spiky flowers, stinky flowers and more. I loved it. It was enjoyable and it was a hot day.

My other favourite memory was when we went to Tolmers. Tolmers was so fun and my favourite activity was water wars, I loved getting wet. I wet Regan so much, he was soaking. Luckily, everyone brought spare clothes! It was very funny because Mrs. Lynch wet us all! We also did Gladiators and the instructor was fixing Suheyra's helmet and suddenly she fell on him, twice! Everyone in our class is different and special in different ways, that's why we are all happy being friends. Never give up and try your hardest in everything.

Most of my friends said that I am a very good friend; they also think I'm kind and helpful. Mrs Greenhill said "I can trust you most of the time and you are very helpful!" Farah quoted that I am a funny friend and whenever someone is upset I know how to cheer them up!
I will miss Highfield a lot; I will also miss my teachers. I am excited but worried about going to secondary school. But I will never forget Highfield and I hope my secondary school is going to be good as Highfield! I can't wait!

Irina!

I first came to Highfield in the middle of year 5. I came from Romania with my family. I was so excited. I made lots of friends very quickly. My favourite teacher has been Miss Bullen because she is funny and kind. I have done so many exciting and great things at Highfield. My favourite trips were Tolmers and the Houses of Parliament trips, we got to go into London on the tube and see where the Prime Minister works!

At Highfield I have enjoyed everything I have done. I was lucky enough to go on the Matilda trip. I was especially chosen because I was well behaved. I went to see the play with Mrs Lynch, there was lots of singing and I got to eat lots of sweets!

When we went swimming in year 5 I achieved my yellow ribbon. I was so happy! Miss Walsh was very happy too. It came in useful; at Tolmers when we had a big water fight too! I also really loved the Coconut tree at Tolmers, it was very high but I wasn't scared. I was the first person to get to the top!

I am sad to be leaving Highfield and will miss my teachers and my friends, but I am excited about making new friends at secondary school!

Jada's life at the school

In 2006 I joined nursery and it was very fun. I had so many memories in the school now I'm going to year 7 in Secondary School. I'll reflect on my favourite years and achievements. My first friend was Chris in 6H and we had loads of fun together.

When I was in year 2 me and my classmates went to the Paradise Wildlife Park and we saw loads of animals. My favourite part there was when we went to see the animals and they were so cute.

In Year 6 we went to Tolmers and we did loads of stuff like Rope-A-Phobia, Coconut tree, Pedal Karts, Rifles, Gladiators and Water Wars. My favourite activity was Water Wars because I love getting wet.

Now I'm going to Secondary School, I'm going to miss Highfield when I'm in Secondary School. In the future I would like to see Highfield one more time. I'm going to miss my friends in Secondary School and also my teachers.

Peri-a-keri aka Perikli

Over my 6 years at Highfield I have had so many memories and achievements and have had a great but it is time to move on to secondary school. My first memory was in reception on my first day. I was really nervous because I couldn't speak any English because I had come from Greece.

My favourite memory was in year 2 when Miss Lawal from my class and Miss Richardson from the other class took us to the Wildlife Paradise Park. I liked it because we saw lots of animals. There were two funny moments when we went to the Wildlife Paradise Park: One of them was when we went to the parrots and whatever Miss Lawal and Miss Richardson said the parrot would repeat. The second funny moment was when we went to an Eagle show and the guy had an Eagle on his hand and when he let go it came to us and everyone got so scared some children left.

My best achievement was when we finished SATS. The day after we had a day out. Firstly, we played rounders, my team won 25-18. Then we had a picnic from the food that we brought. Then we had a calm time and drew pictures. Finally we saw a movie.

I am sad but excited to leave Highfield and go to Secondary. Bye, Bye Highfield.

Regan

I started Highfield I year 5 because my Mum and Dad wanted me to make friends. My first teacher was Mrs Theodourou. She was a good teacher. Towards the end of the year she left to have a baby, which is when we had Ms Edwards for a while. My best and first friend was Sachin. We played it together with Suheyra, Suzanne, Sean and Debra. My favourite game to play was football and I was always in defence.

My second teacher was Miss Walsh. My favourite memory was when she said er-er-chocolate, for a prize to win. In year 5 my friends were Halil, Perikli, Abdalla and Enrike. We all played rounders and Halil always made me laugh. In our final year, our teacher was Miss Bullen and my closest friend was Halil. My favourite memory was the Junk Orchestra man and the Kier assembly. My favourite memory was when the SATS tests were finished.

I am happy to be going to secondary school. What an adventure!

Sabiha A.K.A Cheeky

I am Sabiha. I joined Highfield in 2007. Highfield primary school was the nearest to my house and my older brother came here. Then Highfield had a massive jungle gym and it had no animals. My first memory was in Year 1. My class went to the garden and it was a hot and sunny day so we had a picnic. In nursery my first friend was Aliyaah. Me and Aliyaah did everything together. My first teachers were Ms Yianni and Miss Musa.

As the years went by in year 3 Anilda came. Up to now my best achievement was finishing sats. In year 6 we went to Tolmers and my favourite activity was the water war because I like getting wet and was against Chany also it was very hot so we dried quickly. Sadly now I am leaving to go to secondary but the happy thing is that I'm going across the road.

I am going to miss Highfield and all the teachers and my friends. I have made brilliant friends here. I am excited but nervous at the same time. I can't wait to meet my new teachers and my new friends at secondary school.

Sachin's soiree!

This article is all about my Highfield memories. My name is Sachin and I joined Highfield in reception when I was 4 years old. When I first joined, I felt agitated about meeting 30 new children. However, I also felt excited about meeting 30 new friends. When I first joined, construction was being started on the new canteen and the blue cabin.

My favourite memory was the year 6 journey to JCA in Mill Rythe. We did a range of activities such as: climbing, abseiling, disco and snorkeling. My favourite activity was climbing by far. Climbing was just an unforgettable experience. The wall looked high yet simple to complete. I was partly wrong. It was high, yes, but not simple to complete. That was the challenge I had set myself. Unfortunately, I had only made it halfway up to the top! Then I began my ascend. Even though I fell off a few times, I was connected to a rope, so I didn't actually fall down. Imagine how embarrassing that would have been! Fortunately, I was connected.

I feel extremely sad about leaving all of my friends. Some, I may never see again. However, I will stay in contact with most. Unfortunately, none of my friends are going to the same secondary as me. I will never forget them or any of my teachers. Highfield has taught me an awful lot.

Sammy's Secret Story (not any more!)

Many years have passed at Highfield since I was a young, small boy just starting out in reception. Now I'm in year 6 and moving on to secondary school soon. I will reflect on my treasured memories that I have remembered over the years at this wonderful school.

The first friend that I made was Emre, we would have fun running around in the playground. I have been called creative and a dreamer by my teachers, not just in reception but in many other years too!

I'm still good friends with Emre even though I have many other kind friends such as Bradley and Halil. One of the memorable times I've had was outside of school. I was playing with Bradley and Sean we all had houses in our game, Bradley decided to constantly annoy Sean doing different things such as hitting him with a sword to not letting him in his own house, everything resulted in him exiting the game, leaving me and Bradley in laughter.

I recently went to JCA, an activity centre in Mill Rythe, a holiday village next to the beach. It was a one week trip with some of our class, my favourite moment was during an activity called wet and wacky.

I remember conquering my biggest fear of heights in the activity of abseiling. I shivered as I walked up the tall tower. At the top I looked down in sheer terror. Once my gear was put on I was told to slowly lean off the building, my heart pounded as I gradually edged off. As I was going down I felt more relaxed and by the time I got down I was smiling. Overall I've had a great time in Highfield that I will never forget however, I am looking forward to secondary school as I will meet new people, have a timetable, and have a number of teachers and have a locker of my own!

Suheyra's spectacular seasons at Highfield

Over time, I have grown fond of Highfield and have so many memorable memories but now I have got to move on to secondary school and I will take my favourite moments with me.

My first memory was, starting in nursery. Who would I meet? I remember my first friend in my class was Aliyaah because she is a great person and is a supportive friend. The last year of primary school is tough and hard to move on.

One of my favourite memories is when my class and I went to paradise wildlife park it was my first time going to a zoo ever! Especially as I was in year 2. Mrs Lawal and Mrs Baker took us. I had a great time.

My favourite memory is when I went to Tolmers in year 6. We went with Ms Lynch. When we were doing Rope-a-phobia I fell off the rope and the instructor helped me down and everyone was laughing. It was a day to remember. I am going to leave Highfield School. I am going to miss the School. Highfield has made me the person that I am today. I can't wait to visit the school again.

TJ's Terrific time at Highfield

Over the years I have had many fond memories at Highfield. Now I'm moving on to secondary school, I am going to reflect on my favourite times and achievements at Highfield. I joined on the 3rd of September 2009. I remember seeing my new class room. My first teacher was Mrs Lawal and our class name was 2L. My first friend was called Sean.

Many things have changed at this school. There are so many memories of the past. Like I remember when I went to Lea Valley in year 5. It was the qualifier for district sports I could hear my friends cheering my name. The gun shot and we were off. It felt tight but my friends say I won by a mile I got through to the finals. One week later I was back for the finals I came third. I got a bronze medal. I vividly remember JCA.

Enrike said "I will always remember TJ as fast, smart and enthusiastic." Mrs. Bullen says that I am always participating in class.

I am going to miss Highfield. I have had many amazing friends at Highfield and some pretty awesome teachers. I am excited yet nervous since I will be one of the youngest at Secondary School. I will be looking forward to my new uniform.

Yoyo Yusuf

I started at nursery at the age of 4. I joined because all my brothers and sisters went to Highfield. My first memory was in nursery, my teacher was Miss Moussa. I used to ride pedal bikes. We went to Kew Gardens in year 1. My partner was Sabiha. We saw lots of stuff such as pink banana, cactus, fly trap, coconut tree and more. We went to Kew at the age of 6. Our teacher was Miss Baker.

When I was in year 3 we did our favourite assembly on ancient Egypt. I was a mummy with Sean, Armend and Enrike. We did the song Thriller by Michael Jackson.

When I was in year 5 I won the head teachers award for being kind and trying my best. Our teacher was Miss Walsh.

I am so sad that I'm leaving this school I'm going to miss all the teachers. I like to leave a message for the kids never give up don't let no one ruin your dreams. Regan said that I'm a good friend and funny. My dreams are to be a pilot or an inventor and some of my friends at Winchmore to be in Olivier which is a Tudor group such as Sterling, Mercury and more Tudor groups are like Highfield teams.

Esha's excited enjoyable time at Highfield!

Over the fabulous years at Highfield, I have had so many thrilling memories. Now that I am moving to my new secondary school, I thought it would be for the best if I tried to reflect on my favourite times and achievements. I joined Highfield in September 2007 in reception. I was nervous and excited at the same time to meet my new class, Yellow class. What was it like and how would they treat me? I can remember Ms Collins and Ms Yianni being my teachers. My first friend was Hannah, who came from Australia. We had a fantastic time together.

My favourite memory is when I went on a trip to JCA (Mill Rythe). It was Monday 9th June, 2014 when we first began our activity which was snorkeling in the swimming pool. It was terrifying first as I wasn't water confident, so with the boost from some instructor friends called Steph, Laura and Tee, (Also from my best friend Suzanne) and by saying, believe in yourself Esha! I soon began snorkeling which was shocking to me as I proved myself wrong. I began to do it on my own constantly and felt relieved!

My second favourite memory is when we went to St Paul's Cathedral in year 4. It was magnificent. The textured art glittered like diamond snowflakes in the snow. Some of my friends like Suzanne, Emily, Suheyra, Pelin, Aliyaah, Hazel and Sabiha all liked the gallery as it echoed up above. I really enjoyed the river Thames as I got the picture of the view up above from a long bridge whilst rapid sailing boats were sailing. It was marvellous!

So to wrap up this beautiful ending at Highfield I have to leave! Highfield has taught me that I should believe in myself and achieve nothing that I have ever achieved more like climbing! Highfield teachers are like fireworks spreading their love and knowledge onto other students, I'm hoping to see it. Bye Highfield!

Suzanne's Special Moments

Over the fantastic years, I have had many exciting memories at Highfield. I am very sad to leave because I am now moving on to Secondary School. I joined Highfield in 2006 which my first class was Nursery and my teacher was Ms Yianni. My first friend was Debra. Then she left so my new best friend became Chany. Mrs Baker (Yr 1 and 3 teachers) quoted that I had a big smile that always cheered her up.

My favourite memory is when we went to JCA in year 6 on the 13th of June 2014. It was very nice to spend some time with your friends before you go off to Secondary School. My favourite was activity was abseiling because it was scary at first but when you get to the bottom everybody cheered which made we think that I have achieved something good.

My best memory is when the whole school celebrated 100 years of Highfield at the summer fete. Everybody enjoyed themselves; it was a day to remember because now you know how old Highfield is!

I am going to miss Highfield. I have made some amazing friends who I will never forget and some wonderful teachers and members of staff who have taught me everything I need to know. I am very excited about going to Secondary School and I am also looking forward to meeting new friends and lovely members of staff.

Sean A.K.A Swansea

Over my 8 years at Highfield I have had many amazing times. Soon I will be going to secondary school so I want to recap and share the memories with you. My first memory was coming into nursery like a timid little mouse. One of my most fond memories was being on a kayak with Josh and Chris and falling in the disgusting pond.

JCA was probably the best time of my life. I learned to be more independent and I now know that I can survive a week without my phone! I'm sure that will be useful. The absolute best thing was abseiling down a 40 foot wall and a close second was falling into the pond when we went kayaking because Chris pulled me in with him. My friends are amazing they have really helped me grow into the person I am today. My favourite memory with my friends was when we had a sleepover in year 4. I vividly remember staying up really late with TJ.

I am really going to miss Highfield so much but I have some very brilliant photos so that I can remember all my wonderful teachers and friends. I will always have my friends in my heart and I will keep them there until the end. Great things have happened to me like winning the football tournament I got a medal for that. Goodbye Highfield.

EGGY'S ENDING!!!

When I came to Highfield I was much, much younger and smaller than now. But, now one of my first school memories was when I was first walking to my school. Step after step, getting closer to the nursery when I was welcomed by lovely teachers. I had lots of fun at nursery and reception. When I was in year one I went to Kew gardens, I then also went to the British museum. They were also fun.

At Kew Gardens, I remember being with Sabiha and Aliyaah just like at the British museum. We spent hours looking at the wonderful and beautiful flowers and that was a day to remember. "Both days were so much fun, I want to go again!" - Aliyaah in 6B. They have been my friends for so long and I will never forget them.

When we went to JCA, one of the best things I experienced was abseiling. I went to the top of the tower and I peered over the edge- it was really tall. When I started leaning down, Farah shouted "Come on Eggy, (a new nickname I got from the wonderful instructor Steph) you can do it."

When I came back, Anilda said that I had beautiful eyes. I think she only said that for a reason (she missed me). A memory I had was when Farah, Anjali and myself went to the shard. We went on a wonderful visit. After that we went to build-a-bear. I named mine Perrie after Perrie Edwards. But now I am nearly at the end of my journey at Highfield and I will really miss it. I will mostly miss my friends and teachers because they helped get through everything. All these moments have filled a chapter in my life. I hope to come back one day. I don't know when but I know I will. Highfield has taught me to never, ever give up on my dreams.

Bradley's beginning

When I first joined Highfield, I was nervous. I didn't know anyone in nursery, but over the years I've made a lot of friends. My best friends are Yusuf, Sammy and Regan. Yusuf was my first friend, I started to be friends with Sammy in year 3 and when Regan joined (in year 4) he used to play with Sachin but one day he came to talk to us then after a while he became our friend, and we're still friends to this day. My favourite memory was going abseiling and kayaking at JCA.

When we went to JCA, I shared a room with Sachin and Emre, and in the same house but a different room was Sean, Antonio and Tariq. When we went abseiling, it was 13 meters high so my heart dropped when I was at the top. While kayaking, Kamil and I were in the same kayak and I think we were the only ones not to fall in!

I'm going to miss Highfield, my friends and the teachers. I'm looking forward to having timetables, lockers but most of all, a new start new uniforms and new friends

Goodbye Highfield I'll miss you!

Pelin's playful time at Highfield

Over the years, me and my friends did argue but we always got over it. I joined Highfield in 2007 and I was in reception (yellow class). We had Mrs Yianni and Mrs Collins as teachers, they were really kind. There were two classes (yellow class and blue class) our class was the biggest. My first memory was when me and Ilkay were friends and then we became best friends, she was my first friend.

My most enjoyable moment was when we went to St. Paul's Cathedral, it was a really good trip. We had to go up all those stairs which was really fun and tiring and when we got to the top Sean said that he was scared of heights so he never looked down. I wasn't scared of heights at that time, but I'm really scared of them now.

The funniest moment was when we went to Tolmers and in year 6 with Ms Greenhill and Mrs Lynch but not all of us went to Tolmers because some of year 6 went to JCA a five day trip. As I was saying the funniest moment was when we did water wars and the tour guide was walking past me then suddenly he threw the water balloon at my face and started laughing then when it was my go I threw one at him and he got soaked!

Hazel's Highfield History

Over the 8 years at Highfield I have had lots of interesting memories with my friends. I remember that my first ever friends at school were Lara and Selin. After a few weeks I had loads more friends like Emily Ruth, Ilkay, Sabiha and Elisana. I have more friends but there's too much for me to count all of them. I started this school in Nursery 2006 and I was the tallest in our class (I STILL AM)!

In year two we went to Paradise Wildlife Park. It was fantastic! We went there with Miss Lawal and Miss Richardson. We were in partners and I was with Sabiha. At Paradise Wild Life Park we saw lots of animals like: Tigers, Lions, Penguins, Parrots, Snakes, Crocodiles, Monkeys, snow Leopards, Giraffes, Deers, Birds and lots more. When it was lunch time we sat on wooden benches enjoying our lunches. After lunch we went to watch a theatre show with a man doing tricks with a snake. It was really good and fascinating!

On the 10th of June, 2014 we went to Tolmers activity center With Mrs Greenhill and Mrs Lynch. We went there by a coach, and we did 6 activities and they were Water wars, gladiator dual, coconut tree climbing, pedal karts, Rope-A-Phobia and Riffle shooting. My favourite was water wars because we all got soaking wet it was really amazing when Ms Greenhill and the water wars instructor threw water balloons at us. Unfortunately we were not allowed to throw water balloons at Ms Greenhill because she was wearing white clothes 'on purpose' so we didn't wet her! On Gladiator duals Abdallah couldn't get up onto the platform so the instructor had to push him up by his bum and the second he got up the instructor said 3.....2.....1..... and Yusuf his opponent knocked him down! The second round was just the same as the first round and Yusuf won the battle.

Fab Farah's Favourite Memories

During the 8 years that I, Farah -a member of the beloved 6B and School Council team as a Chairperson, have been a pupil at the well-known Highfield Primary School, many unique and unforgettable moment have taken place, Some in Nursery and many others towards the end of Year 6. I am currently ready to say a final goodbye to this wonderful school and a hello to Latymer which will be my Secondary School for the next 7 years, where my future friends and I will make many more memories but none will be as memorable as these.

One of my most fondest memories from my time at Highfield is going on a day-visit to Kew Gardens in Year 1 along with my classmates and Miss Richardson, as she was then known before she got married and turned into Mrs Baker. At the time I was best friends with Anjali whom I am still best friends with to this day. Whilst at Kew Gardens I witnessed many different sides to nature but amongst my favourites were lavenders which are still one of my two favourite flowers, the other one being roses which we saw a lot of during our visit to Paradise Wildlife Park in Year 2 with my favourite teacher-Miss Lawal who has now left.

That is a memory that I will take with me all the way through Secondary School, University and hopefully while achieving my dream of being a doctor which will hopefully be worth it after the 7 year course in University. I can't wait to leave this school and enter my new school in September along with Stephanie who I know shall be my best friend in Latymer. However, I am also quite upset that I am leaving behind many of my much-loved memories that I have created in the last 8 years.

To all the Children in Year 6,

It has been a privilege to be your Head Teacher. You are truly inspirational. I have watched you grow into amazing young people. You have a fantastic attitude in everything that comes your way.

Promise me you will continue to love learning, to always be kind and respectful to everyone you will meet and to believe in your dreams.

I believe you can achieve anything you aspire to. You need to believe it too.

*I will miss you,
Warmest Regards
Mrs Kemal*
