

Internet Safety

At the start of each term we revise our knowledge and understanding of internet safety.

Home learning means that you are probably using the internet more than ever.

How can you stay safe whilst using the internet?

Be smart on the internet

Childnet International
www.childnet.com

S SAFE Keep safe by being careful not to give out personal information when chatting or posting online. Personal information includes your email address, phone number and password. **ZIP IT**

m MEETING Meeting someone you have only been in touch with online can be dangerous. Only do so with your parents' or carers' permission and even then only when they can be present. Remember online friends are still strangers even if you have been talking to them for a long time. **ZIP IT**

a ACCEPTING Accepting emails, IM messages, or opening files, pictures or texts from people you don't know or trust can lead to problems – they may contain viruses or nasty messages! **BLOCK IT**

r RELIABLE Someone online might lie about who they are, and information on the internet may not be true. Always check information with other websites, books or someone who knows. **?**

t TELL Tell your parent, carer or a trusted adult if someone or something makes you feel uncomfortable or worried, or if you or someone you know is being bullied online. **THINK U KNOW**
You can report online abuse to the police at www.thinkuknow.co.uk **FLAG IT**

www.kidsmart.org.uk

KidSMART Visit Childnet's Kidsmart website to play interactive games and test your online safety knowledge. You can also share your favourite websites and online safety tips by Joining Hands with people all around the world.

How many ways to stay safe did you remember?

Complete these **Purple Mash** quizzes to help you remember the key ways to stay safe whilst using the Internet.

Please contact the school if you can't log in to Purple Mash.

Start with this one.

Complete this one with an adult – you can play against each other or as a team.
