

Dear 6GC,

I hope you and your families are all safe and well. I miss you all loads and hope we get to see each other soon.

As well as working from home, I've been doing lots of cooking with my 2-year-old daughter. We've been making flapjacks, cupcakes and mini pizzas. I've also spent my time looking through old photos and sorting through them. I'd love to hear what you have been up to.

Although keeping up with your learning is important, take the time to recharge your batteries and value the time you are spending with your family. Spend your time reflecting on how fortunate you are and all the things that you are grateful for.

There are lots of ways you can keep healthy and fit. The Joe Wicks 9am work outs and the Oti Mabuse dance videos are a few ways you can keep fit. Why not learn a new skill such as cooking, sewing or learn a new language?

Next week, a list of Spring/Easter activities will be uploaded to the home learning page on the website for you to access. These are simply ideas; you can also use your own creativity. Please do send photos of your creations/work as I would love to hear from you and see what you have been doing.

Remember these are uncertain times for everyone including your parents. Make sure you are being kind (which I'm sure you are) and thank them for what they are doing for you at the moment.

Stay safe and look after yourselves and your family.

Sending lots of positive thoughts

Love From

Mrs Giarnese
