

## Major European Rivers

LO I am learning to research the major rivers of Europe

Use the powerpoint and your own research to complete the table.

River	Main country that it flows through	Sea that it flows into
Thames		
Seine		
Shannon		
Volga		
Danube		
Rhine		
Rhone		
Elbe		

### Extension 1

Add more **European** rivers to the table and write down the main country they flow through and the sea they flow into.

### Extension 2

Choose a **European** river, research some details for example, where does it start? How long is it? What other countries does it flow through?
