LO. I am learning to understand the relationship between making and adding equal groups

Making Groups:

e.g. Share between 3 	How many does each person get? ① 2 3 4	What does the calculation look like? $3 \div 3 = \textcircled{1}$
---	---	--

a. Share between 2 	2 3 4 5	$8 \div 2 =$
---	---------	--------------

b. Share between 4 	2 3 4 5	$12 \div 4 =$
--	---------	---------------

c. Share between 3 	2 3 4 5	$12 \div 3 =$
---	---------	---------------

Adding Groups

1 ladybird has 2 spots. 	2	$1 \times 2 = 2$
How many spots do 2 ladybirds have? 	$2 + 2 =$	$2 \times 2 =$
How many spots do 3 ladybirds have? 	$2 + 2 + 2 =$	$3 \times 2 =$
How many spots do 4 ladybirds have? 	$2 + 2 + 2 + 2 =$	$4 \times 2 =$

Challenge:

$5 \times 3 = \underline{\quad}$

$\underline{\quad} \times 5 = 15$

$15 \div 3 = \underline{\quad}$

$\underline{\quad} \div 5 = 3$

$2 \times 4 = \underline{\quad}$

$4 \times \underline{\quad} = 8$

$8 \div 2 = \underline{\quad}$

$\underline{\quad} \div 4 = 2$

$10 \times 2 = \underline{\quad}$

$\underline{\quad} \times 10 = 20$

$20 \div 10 = \underline{\quad}$

$\underline{\quad} \div 2 = 10$
