Home Learning – Week 3 Thursday – Computing

Task - Use this website to learn how to code your own game. Follow the steps at the top of the screen to create your code.
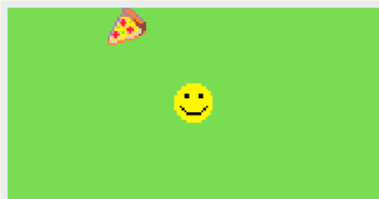

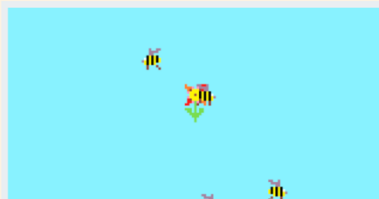

https://arcade.makecode.com/#

Challenge 1

Complete the following tutorials. These tutorials will help you write the correct code for the game.
- Chase the pizza
- Happy Flower
- Lemon Leak

Your projects will be saved so that you can go back to it another time.

Challenge 2

Scroll down the webpage to the section called 'Lessons'.

Click on this link and follow all of the steps to design and create your own game, this lesson will build on what you learnt in Challenge 1.
