Date on the right

greeting

Hi Baboon,

I watched a film about you at school and it really made me think. I have never thought about what it would be like to live on the moon before.

Explain why you are writing.

Paragraphs

My class and I have been thinking of questions to ask you. We wondered how you got there and if you have always lived there? Is it nice living on the moon? Do you feel lonely or is it quiet and peaceful? I am used to living with my family on earth, where it is really busy. That's why I wondered how it feels to live so far away on your own.

Ask questions

I will tell you a bit about myself. I am a year 3 child and I go to Highfield Primary school. We have lots of wonderful activities and clubs to go to, as well as fun lessons! Last week we watched a pantomime and went on a school trip.

Explain more about yourself.

Concluding sentence

I would love to hear all about your life on the moon, so I hope you will send me a reply.

Closing

Love from your Earth friend,

Signature

Katie

Time to imagine!
You are the
Baboon on the
Moon.

LO: I am learning to edit and improve.

Remember how important it is to edit and improve what we write.

Today I want you to look at your own work and see what you need to do improve it.

In the next slide, you can see how Miss Levison did it.

Let's edit and improve

Here is my letter
to you all.

Dear Year 3,

I am writing this letter as I am really missing you all. I thought I would share what life is like at home for me.

After getting up and doing a Joe Wick's workout, I have a breakfast of cereal or toast. Each day, I spend most of my time reading and marking your wonderful work. As well as that, I make PowerPoints, find videos and create sheets for you to work on. Sometimes, I do English on my fridge. As long as it doesn't rain too hard, I go for a long walk.

While I have been stuck at home, I have been trying to spend time improving my cooking skills. Whenever I have a chance, I draw or create art. What is your daily routine? What is your favourite thing to do at home? What exercises have you been doing?

I can't wait to here back from you and find out what your have been up to.

Love to you all,
Miss Levison
