Children should give examples to show this is incorrect. For example: 18:00, 8:30, 10:38 etc.

Eva could be correct. The clocks are both showing twenty past 8. However, children should recognise that the analogue clock does not show whether the time is a.m. or p.m., so this could be showing 8.20 a.m. or 8.20 p.m.
