

Week 6

Lesson 4

Arithmetic Friday!

Follow this link and you should see this webpage:

<https://mathsframe.co.uk/en/resources/resource/486/Y6-Arithmetic-Practice>

Set the number of questions to 40 and begin!

Good Luck 😊🍀

Year 6 Arithmetic Practice

Instructions:

This activity covers the type of questions that appear in Year 6 Paper 1: Arithmetic. It only includes those questions that can be answered using mental methods. If you want to practise your written methods then you can use our [Interactive Quiz](#).

At the end of the activity you can save or print your results.

How many questions do you want? 40

+

-

Begin

MATHSFRAME.CO.UK

Reflection:

- How long does it take you to complete all 40?
- Are there any questions that you need to revise?
- Can you be quicker next time?

Arithmetic Friday

To help you continue practicing your speed and accuracy with your arithmetic we would like you to play this online game.

The questions are based on the KS2 Y6 SATs and require you to use mental methods only.

However, if you do need to work any questions out using a written method you are more than welcome to!

There is nothing for you to upload on Google Classroom for this lesson.
